

EURELECTRIC, the association representing the European electricity industry,
wishes to recruit a

stagiaire/temporary staff member
for the Policy Coordination & Communication unit in Brussels

Requirements:

- University Degree
- Good understanding of the policy-making mechanisms of the European Union
- Knowledge of the databases of the EU institutions
- Basic understanding of energy policy issues and related topics
- Some experience in desk-based and web-based research
- Fully professional capability in English; working ability in other major European languages will be an advantage
- Some aptitude in drafting/editing a variety of bulletins, news clips and articles
- Enthusiasm and the flexibility to work in a busy international environment
- Willingness to carry out a range of basic administrative and support duties

Modestly remunerated, this post will commence late February/early March. Contract is for a period of six months or one year, with potential for extension.

Send your CV and a letter of application as soon as possible to:
