

ONLINE WEBINAR
11:00–12:00 CET, 7 Oct 2020

ETS evolution and its impact on fuel switching

PUBLIC WEBINAR

Eurelectric together with ICIS will bring together leading policy makers, senior business executives and high-level experts for an on-line, interactive and thought-provoking discussion on the **evolution of the ETS during the fourth trading period**. The webinar will aim to evaluate the impact of the ETS and carbon pricing on fuel switching in the context of the EU 2030 **greenhouse gas targets** and the path to **climate neutrality** up to 2050.
