

The Benefits of Electrification in Decarbonising Heating & Cooling

15 June 2016

EURELECTRIC Meeting Centre
Boulevard de l'Impératrice 66 – 1000 Brussels (6th floor)

09h15 Registration

09h30 Welcome and Introduction

Christian EGENHOFER

Associate Senior Research Fellow & Director of
Energy Climate House
CEPS

Decarbonising Heating & Cooling

Chairman and Moderator

Christian EGENHOFER

Associate Senior Research Fellow & Director of
Energy Climate House
CEPS

09h40 Power sector vision on the benefits of electrification

Daniele AGOSTINI

Vice Chairman EURELECTRIC WG Energy &
Resource Efficiency
Head of Environment and Low Carbon Policies
Enel SpA

10h00 Commission's view on the role of electricity in
decarbonising the economy

Eva HOOS

Policy Officer, Dir C, Energy Efficiency Unit
DG ENER, European Commission
