

The Union of the Electricity Industry – Eurelectric is the sector association which represents the common interests of the electricity industry at pan-European level, plus its affiliates and associates on several other continents. We currently have over 34 full members, representing the electricity industry in 32 European countries.

## Intern in the Energy Policy, Climate and Sustainability Team

Full-time 6-month paid internship

Location: Brussels, Belgium

As intern, you will:

- Help advisors executing work programmes of Working groups and Committees, including organizing and coordinating the related activities (i.e. meetings, deliverables, advocacy plans, internal communication, etc.)
- Support the process of creating position papers, policy recommendations and other advocacy deliverables, incl. dissemination and lobby campaigns
- Engage, together with the related policy advisor, in meetings with key stakeholders, other associations, relevant NGOs
- Support advisors on ad hoc projects i.e. studies carried out with the support of an external consultant, a project bringing together several stakeholders of the sector
- Other ad hoc actions may include: drafting of briefings, stakeholder's mapping, drafting of press articles, preparation of presentations and speaking points

### Requirements and competencies:

- Enrolled in a degree in EU affairs, political science, law or equivalent
- A good understanding of EU policy-making and lobbying, some previous knowledge of the energy sector is a plus
- Diplomatic and with very good inter-personal skills
- Strong written and oral communication skills and a structured mindset
- Fluent in English, other languages a plus
